Svans Building, WASHINGTON, D. &

Notice. On account of the large increase in business of our Salt Lake factory, which demands our entire attention, we will sell our branch house, located at Pocatello, Idaho, consisting of large two-story stone and brick building, with basement, soda water, beer bottling and vinegar factories. This is an excellent opportunity for the right party, as the Fort Hall reservation will shortly be opened up, which will make Pocatello the largest city in Idaho, and, next to Salt Lake, the finest shipping point in the intermountain region; our factory is well located, with excellent shipping facilities, the railroad tracks running past the doors. It will take some money to buy this property, so do not write unless you mean business.
